## Douglas® Batting Tunnel Frame

With the Douglas® Batting Tunnel frame your poles can be set at your desired length (55'/70'/75') and can also be adjusted to fit custom net widths. This unique design allows for the tunnel's net to easily be adjusted at any time after the initial installation. This heavy-duty frame is constructed using 4" square, heavy-duty steel poles. A black, baked on powder coat finish on the steel frame provides the ultimate weather resistance and protection. Frame is reinforced using 13-gauge galvanized steel crossbars to hang the net. Crossbars feature Allied's® zinc Flo-coat galvanization process for maximum protection. System includes everything needed to install and hang net: chain, cables, hooks, collars, ground sleeves and c-snaps. Tunnel net is sold separately. The Douglas® Batting Tunnel Frame offers a 5 Year warranty.

## Batting Tunnel Kit

A Do-It-Yourself Batting Tunnel Kit! Includes all the supplies you need to turn standard 12' long, 3" OD steel into a full size Batting Tunnel. Complete kit includes: Top angle bars, support cables, cable clamps and carabiners. The provided Support Cable is 1/4" galvanized steel with a 4200 lb break strength. Top angle bars are 2-3/8" OD galvanized steel pipe with a 15 degree bend; providing enough space to properly hang the tunnel net away from the steel posts. Batting Tunnel Net and optional ground sleeves are sold separately. Standard 3" OD steel poles are not included.

Kit is for use with 3" OD steel poles

## Hitting Station Systems

Great for "soft toss", tee work and more, the Douglas® Hitting Station System helps coaches and players get the most out of every practice. This "stand-alone" system can be placed alongside your batting tunnel/cage for players to use before or after their turn in the cage, or anywhere you need 3-4 hitting stations. Constructed from 4" square, heavy-duty steel poles, this black powder coated pole system is an attractive addition to any facility. Impact netting is constructed of black 3.5mm knotless 1-3/4" square mesh high-tenacity polypropylene (Pylon). Netting is hung from 1/4" galvanized steel cable and the system includes everything needed to install, including ground sleeves. Custom lengths are available.

### Douglas® HTPP Knotless High Tenacity Polypropylene (Pylon) Black Tunnels:

Pylon netting is extruded to permanently resist weather, UV, mold and mildew. The pylon material is stronger and more durable than nylon netting. Available in 3.0mm Collegiate grade with a 3-year warranty, or 3.5mm Professional grade with a 4-year warranty. All tunnels are made using 1-3/4" knotless square mesh to reduce sag and improve appearance. All tunnel borders and top centers are reinforced with 5/16" rope. Standard sizes are listed below. Tunnels can be customized to your size specifications. Custom tunnels use reinforced vinyl instead of 5/16" rope for borders and top centers. All nets include a convenient overlap style entry door. Please call for custom quotes.

### Knotted HDPE High Density Polyethylene Hollow Core Black Tunnels:

This twisted polyethylene netting offers high UV and weather protection. Polyethylene doesn't absorb water so it's mildew resistant and naturally retains a high percentage of its strength over an extended period of time. Knotted netting has a high overall strength rating making it superior for direct impact applications. Netting is 2.5 mm in 1-3/4" square mesh with reinforced sewn rope borders. Corners have 6' rope tails and sewn loops making it easier to hang. Choose from (5) standard sizes. All nets include a convenient overlap style entry door. 2 year warranty.

Use Indoors  
or Outdoors!

### The Batco Cage

The Batco Cage is 50% wider and 20% higher than standard tunnels. The larger size permits live batting practice to be thrown more comfortably. It is the only cage that you can use indoors and outdoors. Because of the shape and construction, the Batco Cage is not affected by wind; and with only two support bands, the Batco is almost self standing. When used indoors, it's recommended to use a vinyl floor cover to protect the floor's finish. Please specify if using indoor, outdoor or both. Indoor or outdoor feet are included but if using for both, there is an additional charge for another set of feet. Quality knotless #42 gauge netting has a tensile strength of 350 lbs. When folded, the Batco Cage is much easier to protect against vandalism. There are no cables to run indoors or a frame to build outdoors. The arcs are made of galvanized steel and weigh approximately 45 lbs. each. Written installation instructions are included along with a step-by-step installation video.

### Economy Trapezoid Batting Cage

Trapezoid shape creates a stable frame and allows for extra width at the base of the cage. Frame is constructed of welded steel with a black powder coat finish. Frame is easy-to-assemble, two people can set the cage up and tear it down in under an hour. Unit is moveable and ground sleeves are not necessary. The ground stakes kit (sold separately) is recommended to temporarily anchor the cage. Knotless #32 nylon netting is UV treated. Batting cage measures 14' wide at the bottom, 10' wide at the top and 10' on the diagonal. Recommended for outdoor use only. 1-year warranty.

### The Professional Backstop, Portable

The Professional backstop is a top choice of high school, collegiate and professional baseball programs. Includes batting cage, net, dark green vinyl skirt, and extra baffle net behind batter. Unit constructed of 2" heavy-wall aluminum tubing, heavy duty weather-treated #600 HTPP netting, and heavy vinyl coated nylon skirt. Nylon skirt is available in standard Dark Green or in optional Royal Blue, Red or Navy. The heavy-duty construction, easy portability and collapsible design make it the perfect backstop for any level. Collapses to only 5' high to limit storage space requirements. Two 16" pneumatic side wheels and rear 16" pneumatic steering wheel make relocation simple. 42" of ricochet cushion minimizes ball rebound and reduces damage to frame. Use the coaches' observation bar for stage elevated viewing. Dimensions: 18' w x 22' d x 12' h. Please specify skirt color.

**Portable Backstop**

Extra width accommodates left or right hand hitters without shifting the cage. Open dimensions measure 18'W x 12'D x 12.5'H. Flo-coated galvanized steel frame is 14-gauge, 2" OD providing strong support for the netting. Heavy-duty 3.5mm weather-treated EHT netting keeps foul balls contained for player safety and easy retrieval. Extra baffle net hangs behind the batter to absorb missed pitches and prevent them from bouncing back. Lockable dolly lift system and pneumatic tires make it easy to break down, move and store the cage after practice. Features (3) 16" diameter, 6" hub, ball bearing, multi-directional pneumatic wheels.

**Bownet Hitting Station/Mini Backstop**

The Bownet Portable Hitting Station is a one-of-a-kind new portable sports net that works great for baseball or softball practice. The key to the product design is the "bow" in the poles, which allows the poles to flex, and puts less stress on the net. The backstop measures 12'W x 8'H and can be used for soft-toss, tee work, infield practice and pitching practice. Net is great for any age group, t-ball to college.

**Printed Logos and Advertisements**

Customize your VCP windscreen with your school name, logo or mascot. Windscreen is digitally printed with our high-quality UV digital printing process. Our elite printing process allows us to print directly on our material so there's no white back side like other digital printing companies. Your printing and logos become part of the material. Your investment will not crack, peel or tear like vinyl decals. Our digital printing allows for more detailed multi-color capabilities and has a quick turnaround and greater accuracy.

The non-elevated aluminum bleachers provide an affordable system for all your basic bleacher needs. All bleachers include 2" x 10" anodized seat plank, single (1) 2" x 10" mill finish foot planks on rows 2-3 and double (2) 2" x 10" foot planks and riser plank on rows 4 and above. Guardrails are included on all systems with 5 rows of seating or more. Our 3 row bleachers top seat height is under 30" so guardrail and riser are not required to meet building and safety codes. All bleachers should be anchored to resist wind loads. A local code authority should be contacted for compliance with your applicable codes.

### 3 ROW MODELS

- 16" first seat height
- 6" rise/24" run per row
- Top seat under 30" high
- 2" x 10" aluminum seat plank
- (1) 2" x 10" aluminum foot plank
- Guardrail risers not required by most safety codes

### 5, 8 AND 10 ROW MODELS

**Aluminum Foul Poles**

PlayersGoal® Foul Poles are manufactured from 4" (15' and 20') or 6.625" (30' and 40') outside diameter aluminum pipe and are available in standard above ground heights of 15', 20', 30' and 40'. Poles have a standard powder coated yellow finish. White or orange are available upon request to meet current recommended NCAA softball field of play. All foul poles utilize ground sleeves with corresponding caps or a base plate mounting system for a semi-permanent installation, and are available with or without a wing. Standard wings start 8' above finished grade and consist of 1/8" stamped aluminum sheet with double reinforced bends making them much more durable and longer lasting than weaker competitive mesh products. Custom foul pole heights and/or wing sizes are available, upon request. Please specify color and ground sleeve or plate mounted when ordering.

PRACTICE BALLS

**BP®2 Baseball Pitching Machine**

The versatile JUGS® BP®2 pitching machine is designed to simplify batting practice. The machines' Select-A-Pitch™ feature makes changing pitches as easy as turning a knob and offers (6) pre-set pitch positions. With digital speeds ranging from 45 to 90 MPH, the JUGS BP2 pitching machine can throw fastballs, curveballs, sliders, screwballs, sinkers and even knuckleballs. The Pinpoint™ Micro-Adjustment feature locates pitches instantly—right to left, up or down with a quick turn of your wrist. It also throws from a more realistic 64" delivery height, delivering pitches at a realistic downward plane. The BP2 throws baseballs, JUGS Pearl, Sting-Free baseballs, Lite-Flite baseballs, Softie baseballs and Bulldog polyballs. The machine can rotate 360 degrees allowing you to cover the entire field. Machine has a simple leg adjustment—there's no t-handle or leg clamp. The BP2 is easy-to-move and set up. Just tip the machine onto the tires and roll. Features patented Grip-Tite® 12" non-marking pneumatic tires that have an average 20-year life expectancy. The machine runs on 110-volt AC, Powerhorse Portable Generator-2000 or the Complete Practice Battery Pack. Manufacturer 5-Year Guarantee.

## Terms & Conditions

Prices change frequently! Also, some manufacturers only allow us to print the MAP (Minimum Advertising Price) in our catalog, even though we may sell for less. Contact us for details or check our website for current pricing.

**TERMS:** Net 30 days from date of invoice with approved credit. A 1-1/2% per month service charge will be assessed on all past due invoices. All prices shown are f.o.b. (freight on board) factory. All prices are subject to change without notice.

**MINIMUM ORDER CHARGE:** A \$10.00 Handling Charge will be added for orders less than \$50.00.

**CREDIT:** If an open account is desired, contact the sales office for credit application. If immediate shipment is required, you may prepay or request COD shipment. Shipments will be discontinued on past due accounts and credit will be reinstated at the sole discretion of National Sports Products. There will be a \$25.00 Handling Charge on all returned checks. Visa & Mastercard accepted.

**FREIGHT:** All products are shipped UPS or common carrier. National Sports Products reserves the right to specify carrier on all shipments that are freight paid or pre-paid and added to invoice. Carriers specified by customer are subject

to a \$10.00 handling charge and order is shipped freight "collect". Goods damaged in transit should not be accepted until transportation company's agent has noted the nature and extent of the damage on the freight bill. It is the customer's responsibility to file damage and shortage claims.

**REFUSAL OF SHIPMENT:** If an order is refused by the customer, the customer will be charged for all freight and a restocking charge of 20% of the invoice, with a minimum restocking charge of \$20.00, unless the error is due to a National Sports Products shipping error.

**DROP SHIPMENTS:** Each drop ship location is processed as an individual order. To avoid shipping errors we recommend all drop ship orders to be faxed toll free 800-443-8907 or mailed to our sales office.

**BACK ORDERS:** If an order must be back ordered, you will be notified. Back ordered items will be shipped as soon as available until your order is complete.

**WARRANTY:** National Sports Products products are warranted against material defects and poor workmanship for a period of 1-year unless otherwise stated in NSP literature. Misuse or vandalism is not covered by any warranty. National Sports Products will repair or replace defective items upon authorized return (see RETURN POLICY). National Sports Products will pay ground freight only to replace defective products.

**RETURN POLICY:** No merchandise may be returned without prior authorization. Upon receipt of request for return, an RA# (return authorization number) will be issued and must appear on all return shipping labels.

**ALL RETURNS MUST BE SHIPPED PREPAID.** Collect shipments will not be accepted. Credit for defective items will be issued only after our Inspection Department determines the items to be covered by our warranty.

NATIONAL SPORTS PRODUCTS EXTENDS NO OTHER WARRANTY EXPRESS OR IMPLIED FOR DAMAGE ARISING FROM THE USE OR ALLEGED FAILURE OF ANY PRODUCT NOR DOES IT EXTEND ANY WARRANTY OF MERCHANTABILITY. ALL MERCHANDISE IS SOLD UNDER THESE CONDITIONS WHICH NO REPRESENTATIVE OF THE COMPANY CAN WAIVE OR CHANGE. ALL PRODUCT SPECIFICATIONS ARE SUBJECT TO CHANGE WITHOUT NOTICE. THESE CONDITIONS AND TERMS SUPERSEDE ANY THAT MAY APPEAR ON THE BUYERS PURCHASE ORDER. NATIONAL SPORTS PRODUCTS SHALL IN NO EVENT BE LIABLE FOR LOSS OF USE OR PROFIT, OR FOR OTHER COLLATERAL, SPECIAL OR CONSEQUENTIAL DAMAGES.

Possession of a price list or literature does not constitute an offer to sell.
